

2012-13 Intermission for Special Activities in Volleyball

Due to the number of schools interested in hosting a special activity between the second and third sets of the high school varsity volleyball match, NFHS volleyball rule 11-section 5, page 44, can be modified provided the following conditions are met:

1. The intermission between the second and third sets may be extended to a maximum of five (5) minutes for special activities, provided home management has properly notified the visiting team prior to the start of the match. **Note: Notification can occur at any time before the match begins.**
2. The time period between all other sets of the match shall be no more than three (3) minutes.
3. Unnecessary delay shall be charged if the time period extends beyond five (5) minutes between the second and third sets or beyond three (3) minutes between all other sets of the match.
4. A school can still run a special event/promotional activity between any other sets in the match, but can not extend the intermission beyond three minutes. The only extension of up to five minutes will be allowed between sets two and three.
